Individual pack

DESCRIPTION

Insulating natural rubber gloves, cut edges.
The ergonomic shape of the glove and its slightly powdered interior makes it easy the donning and doffing.
The natural rubber provides dielectric properties, while our technique and expertise allow us to make gloves as thin as possible in order to offer the maximum level of the dexterity to the users.
Recommended for use with leather overgloves to provide mechanical protection.
Length: 36cm

SECTORS

Manufacture of electrical and electronic equipment and machines

Energy

Maintenance

APPLICATIONS

Electrical work, live working
Max operating voltage : 1000v
Proof test voltage : 5000v
